POST OFFICE TO HANDLE PRODUCE

Postmaster Reese informs us that the Dallas post office wants the names of farmers who have butter, eggs and similar produce in small lots to be sent by parcel.

During the past year several people have been supplying families in the city of Dallas in this manner and receiving an average of from 8c to 10c per pound for butter and from 5c up to 10c for eggs more than they could be sold for locally after the expenses of shipping has been deducted.

Sh eggs retail for 30 cents a dozen in Dallas when they are sent here and butter sells for 16c here. The shipping expense on four pounds of butter is 6 dozen eggs about the same. The only thing in the way is the expense of the consumer and producer.

The Dallas post office will take names sent them of farmers who give them to people who wish to buy. The produce can be sent by the office will collect and return the money.

Anyone wishing to try this give name and address to local postmaster and it will be sent with cost to the Dallas post office. This is one of the many ways in which the United States Government is trying to help the farmers.

BAPTIST SUNDAY SCHOOL CLASS REORGANIZED

At a social meeting at the home of Brother Curlee a number of the young men of the town met and reorganized the young men's Sunday school class under the name of the Berean with Mrs. Curlee as teacher, and the following officers: Willie Mallard, Pres.; Lester Collins, 1st Vice-Pres.; Campbell Mills, 2nd Vice-Pres.; Clyde House, Sec.; Dawson Masters, Treasurer, and Carl House, Reporter.

Some few years the Baptists had one of the most wide awake young men's Baraca and young women's Philathea classes in this section, and it is to be hoped the present classes will excel the work done by the former ones.

All over the United States a determined effort is being made to enlist the young men between the ages of 18 and 25 years in Sunday school. There is the smallest number of people of this age in Sunday school and it is a time in the life of the young man when he needs the protecting influence of the church in his life more than any other. For it is at this time he is most susceptible to and is subject to the greatest temptation of his life.

The class has the best wishes of all good people of the community.

J. B. Chilton is having the front of his building on the west side of the square overhauled and repainted. The beginning of prosperity is at hand and he who is best prepared will reap the most bounteous harvest. Mr. Chilton intends to be prepared.

A LETTER FROM THE COUNTY SCHOOL TRUSTEES

By way of explanation the County School Trustees beg to submit the following:

In classifying the schools of the county, as the law directs, several things had to be considered: First, to limit the number of grades so as to make it possible for teachers to give the required time for each class.

Second, to designate some place for the instruction of pupils in the more advanced subjects. Third, to conform to the State course of study so that a grade in any rural school will compare with a like grade in any town or city school, and thus eliminate the practice of each year "putting back" pupils in a lower grade, and Fourth, to classify schools with reference to their location of high schools, and the local conditions for the building of a high school.

With these things in view we have carefully examined the reports made by the teachers of last year and we find that in most cases and especially in the one teacher schools and inexperienced teachers that pupils are from one to two grades too high, and the tests, which have been given as a basis of promotion by the teachers are exceedingly weak, which accounts for this condition.

There must no longer be two standards, i. e. one for the country and one for the town. In evidence of the erroneous practice of premature promotions, the certificate law as it now is, requires only the seven elementary grades, in order to secure a second grade certificate and last year the records of the summer normal work show that of the applicants of the non-certificated persons desiring certificates that only 60 per cent passed the required tests, and still there are at least 500 pupils that will this term, try to force the teacher to accept them on last year's report card, to the eighth and even the ninth grades without examination, when their records of the work done last year, show that they are greatly deficient in the sixth and seventh, as well as in the much needed fundamental principles.

One teacher schools have been given five grades, two teacher schools seven grades while the schools of more than two teachers have high school work.

In order to meet the present demands in the more isolated districts, the distances for transfers can not well be made, we have granted a privilege of a grade and even two grades higher, but this privilege will apply only to this school term, and thus give trustees and parents time to adjust matters for next session, when the compulsory law will go into effect.

A scholastic is a child over 7 and under 17, September 1st, and pupils over 17 are not scholastics, do not draw money, can not be transferred, and only have a right to attend school in the district where they live.

CHIEF-EXPONENT CONTEST CREATES ENTHUSIASM

VALUE OF PREMIUMS GREATEST EVER OFFERED

Contest Will Bring Much Trade to Comanche--Valuable Advertisement for the Town

THE CHIEF-EXPONENT HAS BEEN THE RECIPIENT OF MANY LETTERS AND FAVORS SINCE THE OPENING OF OUR GREAT CONTEST, CONGRATULATING US ON THE PRIZES THAT WE HAVE SEEN FIT TO OFFER. IT SHOWS THAT WE HAVE UNLIMITED CONFIDENCE IN COMANCHE COUNTY AND ITS FUTURE.

WHEN YOU REALIZE THAT THIS ENORMOUS AMOUNT OF MONEY IS TO BE SPENT FOR ADVERTISING IN THE SHORT SPACE OF TWO MONTHS IT LOOKS ALMOST IMPOSSIBLE TO THE AVERAGE PERSON. THIS IS WHAT WE ARE SPENDING THIS AMOUNT FOR: THIRTEEN HUNDRED DOLLARS IN TWO MONTHS FOR ADVERTISING. NOT ONLY IS IT AN ADVERTISEMENT FOR THE PAPER BUT IT CREATES CONFIDENCE IN THE BUSINESS STABILITY OF COMANCHE COUNTY AND IN THAT WAY IS EQUALLY AN ADVERTISEMENT FOR THE TOWN AND COUNTY.

THERE ARE A GOOD MANY PROSPECTS, BUT NOT SO MANY ENTRIES SO FAR AS WE HAD HOPED. PEOPLE SEEM TO THINK THAT SUBSCRIPTION MONEY WILL BE HARD TO COLLECT. THEY FORGET THAT IT WILL BE THE SAME, AND PRESENT THE SAME DIFFICULTIES TO EVERY CONTESTANT. THIS IS TO BE AN ENDURANCE CONTEST AND THE CAR IS SURE TO BE WON BY THE ONE WHO GETS IN THE GAME AND STAYS UNTIL THE FINISH. SO FAR THERE HAVE NOT ENOUGH ENTERED TO WORK THE COUNTY THOROUGHLY BEFORE THE END OF THE CONTEST.

THIS CONTEST IS BEING CONDUCTED ABSOLUTELY WITHOUT FAVORITISM. THE RECEIPT BOOKS THAT WE FURNISH PERMIT YOU TO KEEP AN ACCOUNT OF EVERY VOTE YOU HAVE, SO THERE IS NO CHANCE OF LOSING A ONE. YOU WILL KNOW AT THE END OF THE CONTEST JUST AS WELL AS WE EXACTLY HOW MANY VOTES YOU HAVE RECEIVED. BY SENDING SAMPLE COPIES OF THE PAPER TO EVERY PERSON IN THE COUNTY WE HAVE INTERESTED EVERYONE IN THE CONTEST AND SOLICITORS CAN GO ANYWHERE AND FIND THAT THE PEOPLE KNOW IN ADVANCE ALL ABOUT THE CHIEF-EXPONENT AND WHAT IT IS OFFERING.

THE ENORMOUS TRADE THAT COMANCHE HAS BEEN FAVORED WITH IN THE PAST WEEK AND THE WEEK BEFORE SHOWS THAT WE ARE RIGHT IN OUR CONFIDENCE IN COMANCHE "COMING BACK." THE PEOPLE HAVE MONEY AND THEY STILL WANT THE VALUE OF IT WHEN IT IS TO BE SPENT. NO OTHER PAPER OFFERS THE VALUE RECEIVED AS THIS PAPER. READ IT THRU THIS WEEK AND YOU WILL BE CONVINCED THAT IT COVERS THE NEWS AND IS WORTH ANY MAN'S DOLLAR.

ed with letters asking for all imaginable kinds of information concerning the handling of the crop and with offers to sell peanuts in lots from 100 cars down to single sacks.

Even the men who have been exporting oil and meal to Europe are getting busy and making offers to handle the peanut meal.

Of course it is yet in the experimental stage and undeveloped but if a staple market is established for the meek and lowly goober so the prosperity of the farmer will not rest in the hands of a candy-maker or two. Comanche county will again rejoice in the death of his honor King Cotton. When there is a world demand for the peanut oil, and there is a place in the world's market calling for it, its price will become fixed and will be handled in a business way, and a few chosen ones can not dictate the price of the raw material and finished product.

Peanut Harvesting in Full Blast.

All thru the peanut section of the county peanut harvesting is in full blast, all the fields are full of shocks and threshers humming in sight of one another.

Sipe Springs has already shipped two cars, Comanche probably received ten cars, and DeLeon has shipped 52 cars. Estimating the value at \$150 per car, \$48,000 worth have been bought.

The probable crop will be at least one million bushels. DeLeon expects to ship 200 cars, Sipe Springs 100, Comanche will ship and use 150 cars, with those sold in Gorman, Proctor, Hasse and Gustine; more money will be put in circulation than many years in Comanche county.

For Sale Cheap.

A couple good as new 6-cap wood or coal range, has been well cared for. Phone 287 or see Mrs. R. McCollum.

W. H. CARPENTER RESIGNS FROM COMANCHE SCHOOLS

W. H. Carpenter, who has been teaching in the city schools for the past five years gave up his position last Friday. His resignation had been in for some time to take effect on that date.

Mr. Carpenter began teaching in Comanche as principal of the east ward school, where he taught for two years. After this he was transferred to the same place in the west ward. Later he was made principal of the grammar school; which place he held at the time of his resignation.

Mr. Carpenter is one of the best teachers that has ever taught in Comanche. He was of great value to the schools in many ways. Popular with the children, parents and with the other teachers. Every since he began teaching in Comanche he has been prominently identified with athletics. He managed the winning team of 1913, and the remarkable showing made by Comanche's athletes during that year as well as the present team is largely due to Mr. Carpenter.

"Big Bill" as he is known to his friends, and to the school children when he is not around, is the most popular teacher with the children that has ever taught in Comanche. He is loved, respected and scrupulously obeyed by every student, whether in the school room, on the play ground or on the athletic field. He commands the obedience of the children, not by force of his authority but by a thorough understanding of the nature of the child.

Mr. Carpenter bid farewell to the school Monday morning. He made personal visits to the different grades of the grammar school and received many expressions of regret from the children and the teachers who had been under his supervision. His retirement is a distinct loss to the public schools of Comanche.

Get one of those pretty O. K. Sweaters at Roberson Sisters.

Miss Glenneth Kearby has been elected to a position in the Comanche public school. Miss Glenneth is the daughter of our fellow townsman, J. P. Kearby, Jr., and is a lady of pleasing personality. The Comanche school board is to be congratulated upon their addition to the faculty.

NOTICE!

The Marketing Association will ship hogs Monday, Nov. 8. Nothing but hogs will be handled on this date.

FORMER COMANCHE CITIZEN ZEN SHOTS HIMSELF

Oscar Tunnell, formerly a resident of Comanche, shot himself at 8:40 o'clock a. m. Tuesday at his home in Hico.

He had been in poor health for quite a while and soon after his wife's departure to her work he shot himself below the breast with a shot gun and died instantly.

Oscar was raised in Comanche county on a farm near Gustine. He was afterward employed by Mistrot and Neely-Harris-Cunningham Co. He later moved to Rising Star where he went into business. He has a host of friends who regret to learn of his untimely death.

is so with a large number. The complete assim-
ilation that we have boasted about in a myth. It
shows that there is wisdom in the restriction of im-
migration and neutralization.

The Chief-Exponent feels like congratulating
itself in the remarkable success of its plan for the
marketing of the peanut crop of the county. This
paper was the first in the state to take up and push
the proposition of the oil mills handling peanuts.
The mill here took up a suggestion by the editor
and worked it out to where it has been able to go
to work on this year's crop. If this was the only
thing done by this paper in the last year we would
feel like we had given value received to our sub-
scribers. Because this will mean money to the far-
mers and the business men of Comanche. By help-
ing our customers to a greater measure of prosper-
ity we are helping them to a higher plane of mor-
ality. A prosperous people means a happy, con-
tented and honest people. Poverty and poor cir-
cumstances breeds dishonesty and immorality. We
feel that it is much more important to put food into
a man's belly than to put impossible ideas into
his head.

Food conditions in Germany are said to be much
more serious than imagined outside. Bread riots
are frequent and the dependents of soldiers who are
in the field are said to be very bitter. Women have
made violent attacks upon the police. These de-
pendents have only 14 marks a week allowance,
while butter is four marks a pound, meat three
marks and other provisions proportionately dear.
In Saxony and Bavaria the depression is particu-
larly severe and the discontent most open. Now it is
rumored German cannot be accountable for the
proper keep of war provisions throughout the win-
ter. The people demand that if there be a food
shortage it shall be felt first by the enemy prison-
ers. Food prices are exorbitant. Germany has
more than a million prisoners of war. Germany is
threatened with a food famine; how are the prison-
ers to be fed?—Ft. Worth Record.

There has been an exodus of tenant farmers from
this county during the past year. Men who have
farms to rent tell us that they are having difficulty
in renting their places, especially to desirable ten-
ants. The trouble is with them, they do not know
anything but cotton farming, and since the boll
weevil has put the industry out of business they
are moving further west where they can still raise
it. Their relief will be short lived, however, be-
cause the boll weevil is appearing in the western
counties, and it is certain that in a few years, prob-
ably not more than one or two, they will cover those
counties as disastrously as this one. Then the ten-
ant will have to move somewhere else, or adjust
himself to the changed conditions. It seems to us
that the wise thing to do would be to do the ad-
justing now and escape the loss and expense of
moving and establishing in a new country and new
surroundings. We will not be surprised in the
next year or two to see them back again in Coman-
che starting just at the same place that they would
have to begin now.

Robert V. Pesquiera, Carranza's representative
at Washington, is reported to have complained, in
an interview at San Antonio, that "many abuses
have been offered to poor and unobtrusive Mexi-
cans by irresponsible and responsible persons near
Brownsville." "In many instances," he added,
"Poor and harmless people from my country have
lost their lives because of the excitement in the val-
ley, and as a result of the high state of feeling."
Evidently some former representations of this kind
have been made at Washington; for Secretary Lan-
sing in his telegram to Governor Ferguson, printed
yesterday, suggests that "a solicitous word from
you to State and county officials in that district
would prove most efficacious in allaying race pre-
judice and in restraining indiscreet conduct which the
Department believes would not be indulged in if
the officials and residents realized the responsibility
they are unconsciously imposing upon the National
Government by failure to consider the seriousness
of the situation."

Undoubtedly a good many innocent and harmless
Mexicans have been vicariously sacrificed to the
excitement, prejudice and animosity that have been
aroused by the lawless members of their race in the
Brownsville section. Finding it difficult, and in
many instances impossible to discover the bandits,
officers and citizens have not been very discrimi-
nate in venting their vengeance. That is so inevit-
able one of the incidental results of such situation
as this in the Brownsville country that the case
calls for more regret than censure. Nevertheless,
it seems to The News the Governor Ferguson ought
to do something more than repeat his appeal from
Washington to the people in the Brownsville coun-
try. He ought to deliver it in person. He has
been repeatedly and earnestly urged to visit the
disturbed section. He ought to accept the invita-
tion. We doubt if he could make any better use
of his presence among the people there

COMANCHE HIGH SCHOOL DEFEATS BROWNWOOD HIGH

In the most hotly contested battle ever fought on the local gridiron, Comanche Indians defeated the Bayou Boys by a score of 13 to 0. The Brownwood bunch, tho at all times outplayed, proved game opponents and in the face of defeat held the locals during the entire last half.

Comanche's first touch-down came during the first five minutes of play and Brownwood lost their first opportunity at the end of the first half when time was called with the Bayou boys within the twenty yard line and consistently carrying the ball down the field for a goal.

Brownwood won the toss and kicked a fake to Comanche and recovered the ball on a fumble. This was good football, but costly, as Hill intercepted a Brownwood forward pass and the locals doggedly bucked through across the field for a touchdown without a fumble.

During the second quarter Comanche by the same dogged persistence in a short time had her sec-

ond touch down and kicked goal.

During the last part of the second quarter after a long run by Newby the Brownwood team began a series of line bucks and end runs which it seemed the locals could not stop and just as it seemed Brownwood would score time was called. Never after this were the visitors in striking distance of the goal.

Newby was easily the star for the visitors and showed to be one of the best broken field runners who ever played in Comanche. It would be hard to pick a star in the back field of Comanche. Woodward was on hand in broken field work and diving for any distance that seemed necessary. Dodson could not be held when caught and Tate was too hard to hold and harder to throw. Cox as quarter, seemed to know at all times what to do next.

Coach Gibbs complimented Cunningham's efficient coaching by saying Comanche had the finest back field he had ever seen in action.

No substitutions were made in Comanche's line-up and only once

was time taken out for the locals. Several substitutions were made on the part of the visitors who had two players seriously injured.

Few forward passes were completed and more were intercepted than made. The game was played wholly on the line of old style football and sensational playing marked the entire game.

The line-up was as follows:
Comanche Position B-wood
King ----- c ----- McFarland
B.Thomas ----- lg ----- Connell

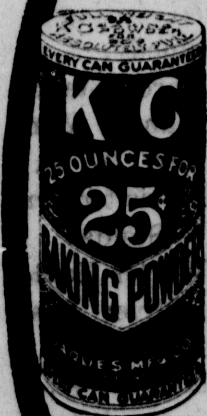

C.Thomas ----- lt ----- McKinney
Hill ----- le ----- Adams
House ----- rg ----- Camp
Lane ----- rt ----- Sweet
J.Woodward ----- re ----- R.White
Cox ----- q ----- McChristy
Dodson ----- rh ----- Ray
Tate ----- fb ----- Bodenhamer
C.Woodward ----- lh ----- Newby

COUNTY CORRESPONDENCE

Shrum Notes.

The continued good weather is being used to get the peanut crop saved. About all the peanuts in this neighborhood are ready to be threshed and we are expecting a thresher today, and if it gets a good run will about thresh the crop this week and next.

Forrest Chambers of Indian Mountain was at Uncle Johnnie Martin's Saturday.

Zack Bettis and Dudley Snipes of May were visiting in this community Sunday.

Luther Taylor went to May Monday and bought all the baling wire in town and then didn't get enough.

We appreciate what the Comanche Oil Co. has done toward handling the peanut crop, and hope it will enable the peanuts to take the place of cotton.

Cotton Grove News.

Most everyone is trying to get thru with their cotton this week.

Part of Oak Valley singing class went to Harmony Saturday night and Sunday to meet with their class in singing. All report a very nice time and look forward to going again.

Ciscero Stephens visited Miss Myrtle and Master Oscar Robertson Sunday afternoon.

Copperas Prairie and Gap.

Peanuts all in shock, sweetpotatoes most all dug, corn in crib, hogs in pen and fat, chickens, eggs cream and butter, fruit and berries in cellar; with all these good things laid up in store no person should complain of hard times. It is true our money crop is cut a little short, but nevertheless the farmers are realizing this fact and are adjusting themselves to conditions by carrying something to sell when they go to town in place of going to buy.

Nugent Graham left Monday for

Post City to work in the cotton mills at that place.

J. W. Graham of Dool is here the guest of his daughter, Mrs. M. O. Lane.

J. F. Murphy returned from Hasse Monday where he visited relatives.

A large number from here and Gap went to First Monday; some took mules and others took cows, hogs, chickens, eggs and butter, peanuts and maize, all for sale.

Harrison Jones and family are preparing to move to Jones county where they will reside in the future.

On account of the high price of cotton seed there will not be any left to plant another year, provided they wish to plant, and the price being paid for the staple will induce many to go cotton-wild; while we believe every farmer should plant some cotton but not an overproduction.

Graham Chapel.

Threshers are busy threshing peanuts. It has been a successful year for peanuts so far and we hope it will continue.

**WEEK OF EXTRAORDINARY
PHOTOPLAYS AT MAJESTIC**

Week of November 8th.
Monday opening with America's most distinguished actor, Nat C. Goodwin in "Business is Business," a famous old French play by one of the great line of French dramatists, Octave Mirabeau. Other Broadway Features have proven very popular, but this one should prove to be the best one yet.

Tuesday's picture is a Schubert Feature by Owen Dorris in five acts and features the woman with the eyes that speak, Barbara Tennant, in "The Marked Woman," and in connection with this picture we will show a wild animal comedy that I will defy you to describe after seeing it. You never saw anything like it; you just can't describe it; it's thrilling; it's hair-raising; it's screamingly funny. It's a weird combination of fun and fearlessness; it's fast and furious and I'll guarantee it to please little, big, old and young.

Wednesday's picture is our regular Universal program, but it is a 3-reel feature worthy of the name. It features Herbert Rowlinson and Anna Little, "The Queen of Hearts" is a play too big to describe in such a small space.

On Thursday we have gone back to the Fox features, opening with Theda Bara in "Lady Anohy's Secret" and, say, folks, it's some secret. Don't try to think what it is; see it! Other Fox features coming are "The New Governor of the Nigger" with Wm. Fannon; "The Song of Hate" with Betty Nanson; "The Two Orphans" with Theda Bara; "The Soul of Broadway" with Velaska Smot; who wears 150 different gowns in this production, "Carmen" and other wonderful Fox productions.

Friday's feature is a Universal feature away above the average and features King Baggot in a society drama of the race track,

"The Suburban" is an old race-track drama that has packed many opera houses to capacity when it was first produced on the speaking stage. The photoplay version is better because the racing scenes are real a hundred thousand people are in some of the scenes. It's exciting and to say the least it's a wonderful picture.

Saturday; we have gone the limit on Saturday's program by securing Mary Fuller in Mrs. Lottie Blair Parker's famous play "Under Southern Skies," produced in 5 superb reels. The romance of the old South is depicted in this beautiful and dramatic story of days that are gone forever. If convenient you should see this picture in the afternoon because the house will not accommodate the crowd who will want to see lovely Mary in such a production as this.

We hope to have our program complete in a week or so and when it is complete you can't equal it in many places three and four times the size of this place.

It will pay you to see the millinery at reduced prices; Clipped Beaver and New English Crown hats at Roberson Sisters.

Home Coming Service at Indian Creek.

The decoration of the house will be under the supervision of Mrs. Geo. Coker. Mrs. Levi Bowman and Miss Lillie Carnes will meet the people at the door of the church where each member will be furnished with a suitable badge.

The regular Sunday school service with some variations will be held at 10 a. m. At 11 a. m. Rev. W. W. Gressett will hold an old-time love feast.

12 o'clock—dinner.
2 p. m., devotional service led by J. A. Jones. 2:30 p. m., Uncle Marion Cross will give us a talk on pioneer days in Comanche county with special reference to Methodism. At 3 p. m., sermon by Rev.

Franklin Moore; 7 p. m., preaching by the pastor.

Every member of this church is expected to be present and we hope to have as our guests many of the former members. We invite

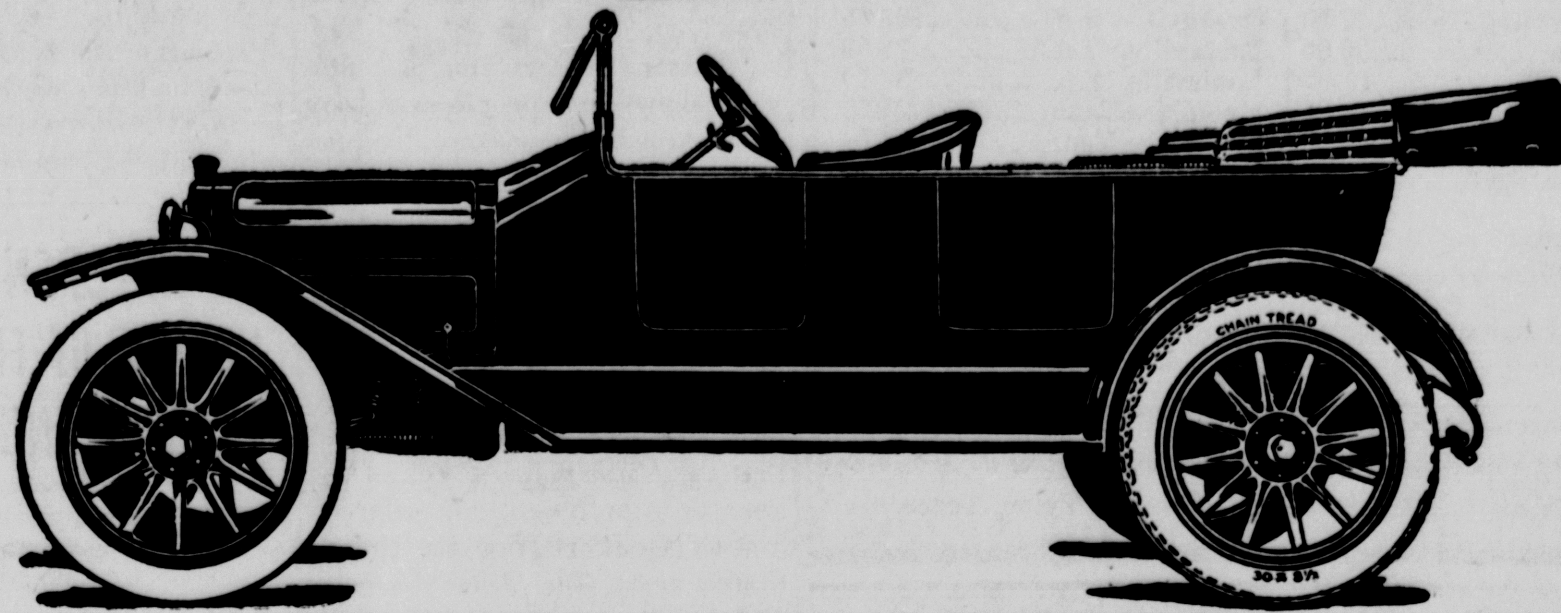

everybody to come and bring well filled baskets and enjoy the day with us.

Dr. Clinton Lockhart of Fort Worth will fill his regular appointment at the First Christian church

next Sunday Nov. 7. Friends are especially invited and members urged to be present and enjoy the rare treat Dr. Lockhart always has in store for all who hear him.—Invitation Committee.

Hercules

Touring Car \$650.00

For four or five years there has been a fixed demand, almost amounting to necessity, for a strong, medium weight car. Many manufacturers have within that time been undertaking to produce a medium weight classic car that would not be too expensive to operate.

Up to within this year, the cars have been entirely too light and therefore unsatisfactory, or entirely too heavy, and therefore too expensive to operate.

Thousands are persistently calling for a medium weight classic car that carries with it all the luxuries and refinements and operates with the ease and comfort that the very high priced, heavy cars embody. In other words,

there is an imperative demand for a medium weight pleasure car. We offer you just such a car in the "Hercules," and wish to state, the Hercules car is now being produced by the Kentucky Wagon Manufacturing Co. with an enormous power of production and ample capital behind it and with a volume of orders on hand that would challenge any other plant in this country.

Hercules cars can only be appreciated when you become the owner and operator of one.

The HERCULES is guaranteed to go where any other automobile will go. Electric starter and lighted, 110-inch wheel base, and is made for this country.

SON OF COMANCHE MAN KILLED IN SORGHUM MILL

Clarence Chapman, the 11 year old son of Clarence Chapman of Granbury, died as a result of injuries received by a sorghum mill last Saturday. The little fellow had accompanied his father to the country to do some road work, and while the father was at work on the road, the child went to a nearby sorghum mill to see the operations.

He undertook to feed the mill and his arm was crushed nearly to the elbow. The accident occurred between 12 and 1 o'clock. The little fellow passed away at the home of his grand father, George W. Chapman, in Granbury, at 5 o'clock that afternoon. George W. Chapman resided on J. W. Cunningham's place near Shilo, in this county during the seventies.

A Message To Women

Those of Middle Age Especially.

When you have found no remedy for the horrors that oppress you during change of life, when through the long hours of the day it seems as though your back would break, when your head aches constantly, you are nervous, depressed and suffer from those dreadful bearing down pains, don't forget that Lydia E. Pinkham's Vegetable Compound is the safest and surest remedy, and has carried hundreds of women safely through this critical period.

Read what these three women say:

From Mrs. Hornung, Buffalo, N. Y.

BUFFALO, N. Y.—"I am writing to let you know how much your medicine has done for me. I failed terribly during the last winter and summer and every one remarked about my appearance. I suffered from a female trouble and always had pains in my back, no appetite and at times was very weak.

"I was visiting at a friend's house one day and she thought I needed Lydia E. Pinkham's Vegetable Compound. I took it and have gained eight pounds, have a good appetite and am feeling better every day. Everybody is asking me what I am doing and I recommend Lydia E. Pinkham's Vegetable Compound. You may publish this letter if you wish and I hope others who have the same complaint will see it and get health from your medicine as I did."—Mrs. A. HORNUNG, 91 Stanton St., Buffalo, N. Y.

Made Me Well and Strong.

MACEDON, N. Y.—"I was all run down and very thin in flesh, nervous, no appetite, could not sleep and was weak, and felt badly all the time. The doctors said I had poor blood and what I had was turning to water. I took different medicines which did not help me, but Lydia E. Pinkham's Vegetable Compound made me well and strong, and I am recommending it to my friends."—Mrs. FRED CHACE, R. No. 2, Macedon, N. Y.

The Change of Life.

BELTSVILLE, MD.—"By the use of Lydia E. Pinkham's Vegetable Compound I have successfully passed through a most trying time, the Change of Life. I suffered with a weakness, and had to stay in bed three days at a time. Lydia E. Pinkham's Vegetable Compound restored me to perfect health, and I am praising it for the benefit of other women who suffer as I did."—Mrs. W. S. DUVALL, Route No. 1, Beltsville, Md.

For 30 years Lydia E. Pinkham's Vegetable Compound has been the standard remedy for female ills. No one sick with woman's ailments does justice to herself if she does not try this famous medicine made from roots and herbs, it has restored so many suffering women to health.

Write to LYDIA E. PINKHAM MEDICINE CO. (CONFIDENTIAL) LYNN, MASS., for advice. Your letter will be opened, read and answered by a woman and held in strict confidence.

TELEGRAMS EXCHANGED BY SENATOR AND GOV.

Austin, October 28.—A sharp clash over the Mexican situation has occurred between Governor Ferguson and United States Senator Morris Sheppard, according to telegraphic communications which have passed between them and which was given out by the governor.

Senator Sheppard at Brownsville, wired the governor as follows:

"Personal observation of conditions shows that people here have been exceedingly conservative, patient and long suffering. Rural districts already being depopulated. State of panic prevailing. State should exercise every resource at its command. Will be glad to advise you further in a day or two."

The governor answered Sheppard sharply. He plainly stated that there was politics back of the Senator's motives and referred him to the efforts that the United States army, the Texas Rangers and the Texas authorities had been making for months to put down lawlessness along the border. The governor sent the following reply to Senator Sheppard's telegram:

"Telegram received. Am glad that you have at least become interested in the troubles of Texas. Shall appreciate if you will make a specific recommendation of what I should do and what the national government should do and tell us just exactly what should be done. General recommendations are reaching me every day, but specific suggestions are lacking. Shall be glad to have you advise me whether the national army is performing its duty. Also advise me whether Texas rangers are doing their full duty, and if derelict in any respect, please state such negligence specifically. Shall also be glad to have you state to me whether the citizenship of Brownsville are taking the proper steps, and if not, advise me specifically what steps they should take. Shall appreciate specific advice from you in full, but you can readily understand that general expressions and useless platitudes will not suffice as basis for official action. Advise me early and often."

In response to this Senator Sheppard replied: "I regret that you seem to have misconstrued the spirit of my telegram. I sent it in the best of feeling and good faith and with a desire as a citizen to be of some assistance to the governor of my state and to a large section of my people in a frightful crisis. After carefully looking into the situation will answer your inquiries specifically."

Governor Ferguson replied to the last wire of Senator Sheppard:

HUSBAND RESCUED DESPAIRING WIFE

After Four Years of Discouraging Conditions, Mrs. Bullock Gave Up in Despair. Husband Came to Rescue.

CATRON, Ky.—In an interesting letter from this place, Mrs. Bettie Bullock writes as follows: "I suffered for four years, with womanly troubles, and during this time, I could only sit up for a little while, and could not walk anywhere at all. At times, I would have severe pains in my left side.

The doctor was called in, and his treatment relieved me for a while, but I was soon confined to my bed again. After that, nothing seemed to do me any good. I had gotten so weak I could not stand, and I gave up in despair.

At last, my husband got me a bottle of Cardui, the woman's tonic, and I commenced taking it. From the very first dose, I could tell it was helping me. I can now walk two miles without its tiring me, and am doing my work."

If you are all run down from womanly troubles, don't give up in despair. Try Cardui, the woman's tonic. It has helped more than a million women, in its 50 years of wonderful success, and should surely help you, too. Your druggist has sold Cardui for years. He knows what it will do. Ask him. He will recommend it. Begin taking Cardui today.

Write to: Chattanooga Medicine Co., Ladies' Advisory Dept., Chattanooga, Tenn., for Special Instructions on your case and 64-page book, "Home Treatment for Women," sent in plain wrapper. 55c-5

with a telegram which says in part:

"Your telegram of yesterday, which I more deeply resent than I did the first, is received. You well know that for months the governor of the state, the citizens of Brownsville, the state rangers, peace officers and the national army have heroically struggled with the border trouble. Hence your message attempting to tell me what the state should do and insinuating that the state, through me, had done nothing to relieve the border situation is a piece of crude politics which is covered up so deeply that it shows through on the other side of your motive."

ALL CHILDREN LOVE "SYRUP OF FIGS" FOR LIVER AND BOWELS

Give it when feverish, cross, bilious, for bad breath or sour stomach.

Look at the tongue, Mother! If coated, it is a sure sign that your little one's stomach, liver and bowels need a gentle, thorough cleansing at once.

When peevish, cross, listless, pale, doesn't sleep, doesn't eat or act naturally, or is feverish, stomach sour, sore throat, diarrhoea, full of cold, give a teaspoonful of "California Syrup of Figs," and in a few hours all the foul, constipated waste, undigested food and sour bile gently moves out of its little bowels without griping, and you have a well, playful child again.

You needn't coax sick children to take this harmless "fruit laxative," they love its delicious taste and it always makes them feel splendid.

Ask your druggist for a 50-cent bottle of "California Syrup of Figs," which has directions for babies, children of all ages and for grown-ups plainly on the bottle. Beware of counterfeits sold here. To be sure you get the genuine, ask to see that it is made by "California Fig Syrup Company." Refuse any other kind with contempt.—adv.

Speed!

MOST of us are interested in Speed Tests—in the roaring flash of the racing auto, in the quick dash of the speed boat, and the thrilling sweep of the aeroplane.

The speed test, however, has an interest more than the spectacular to every man who owns an automobile, tractor, or any gasoline driven engine.

In order to attain this high speed,

Every Ounce of Power Must be Utilized

That is why so many auto racers, fast motorboat drivers, and prominent aviators choose Texaco Motor Oil.

Texaco Motor Oil has shown these people how a high grade lubricant saves power.

You owners of gasoline engines will soon find that Texaco Motor Oil means a saving of power, smaller fuel bills, a better day's work, and no trouble from cylinder wear or soiling of spark plugs.

PIONEER CITIZEN OF COMANCHE PASSES AWAY

At 10:30 o'clock p. m. Sunday in the presence of both his children, W. R. (Rufe) Evans breathed his last at the home of his son, Roger, at Proctor, after an illness of more than a year. The funeral services were conducted by Bro. Curlee at Proctor Monday afternoon.

Mr. Evans was born Feb. 21, 1850, in Murray county, Ga. He was a son of Major Evans, who at the time of his death at Petersburg was the second youngest officer of his rank in the Confederate service. The death of the father left Rufe an orphan, age fourteen, and after a few more years in his native state he moved to Johnson county, Texas, in, probably 1870. Here he resided until after his marriage in 1874, to Sarah Wilkes, after which he moved further west and finally settled in Comanche county where he has resided continuously since. In 1894 he moved to the town of Comanche where he had charge of the first Alliance Cotton Yard. He was for the rest of his active life engaged in cotton and grain business until the condition of his health became such he was no longer able to remain in active business.

He affiliated with the Baptist church at the probable age of 38 and lived the life of a consistent member until his death. He was a charter member of Comanche camp No. 60 W. O. W. and was for a long time its clerk. Late in his life he was made a Mason and was a member in good standing in both these organizations until the end.

He is survived by two sons, Roger Evans, cashier of the State Bank at Proctor, and Dr. Ray Evans of Stilwell, Okla.; and his wife, Sarah Wilkes Evans, who resides at Proctor. The entire community extends the bereaved ones most heart felt sympathy.

EAT WITHOUT FEAR OF INDIGESTION OR SOUR, ACID STOMACH

Instant relief! "Pape's Diapepsin" ends your stomach trouble forever.

Wonder what upset your stomach—which portion of the food did the damage—do you? Well, don't bother. If your stomach is in a revolt, if sour, gassy and upset, and what you have ate is fermented into stubborn lumps; head dizzy and aches; belch gases and acids and eructate undigested food; breath foul tongue coated—just take a little Pape's Diapepsin and in five minutes you wonder what became of the indigestion and distress.

Millions of men and women today know that it is needless to have a bad stomach. A little Diapepsin occasionally keeps this delicate organ regulated and they eat their favorite foods without fear.

If your stomach doesn't take care of your liberal limit without rebellion; if your food is a damage instead of a help, remember the quickest, surest, most harmless relief is Pape's Diapepsin which cost only fifty cents for a large case at drug stores. It's truly wonderful—it digests food and sets things straight, so gently and easily that it is really astonishing. Please, for your sake, don't go on and on with a weak, disordered stomach; it's so unnecessary.—adv.

JAIL BIRDS ESCAPE AT BALLINGER

District Attorney Walter U. Early, whose work in the district court at Ballinger last week resulted in registering penitentiary sentences against three malefactors, was notified Monday by the sheriff of Runnels county that all the convicted parties broke jail Sunday night and escaped. The trio consisted of a young white man and two negroes. One of the negroes is Earl Younger, who was given 11 years in the penitentiary for an attempted assault upon a young lady teacher at Winters. The escape from the jail, which is the second to occur at Ballinger in the past month was due to the work of the young white man, Lee Drennan, who was allowed the freedom of the run-around in the jail, and sometime during Saturday night or Sunday friends succeeded in slipping him saws, with which he soon cut his way to the outside world, and at the same time he generously liberated his fellow prisoners.

Later information from Ballinger states that Drennan, the white man had been recaptured by the officers, but the two negro felons are still at large.—Brownwood News.

A WOMAN'S BACK The advice of this Comanche woman is of certain value.

Many a woman's back has many aches and pains. Ofttimes 'tis the kidneys' fault. That's why Doan's Kidney Pills are so effective. Many Comanche women know this. Read what one has to say about it:

Mrs. W. E. Dupuy, Comanche, says: "Recently I had quite a good deal of discomfort with my back, in fact, it was almost impossible for me to do the least work. I was dizzy and my head ached badly. I used Doan's Kidney Pills and they rid me of the attack. Gradually the symptoms left and I have had no need of a kidney medicine since."

What a Farmer May Do.

W. J. Rollins of near Fleming was a caller at this office Monday and gave some very interesting ideas of what a man may do on the farm. Mr. Rollins came to this country from Georgia a good many years ago and has made a success of the business of farming. He has always been a cotton raiser, but during the past few years has turned to stock-raising.

Two years ago he decided he was going to buy no more on credit and quit. He began to raise some good calves, some mules and worlds of chickens and last but not least, hogs. Hogs till his whole farm seemed to grunt. This year he has five acres of cotton and is out of debt.

He claims to have lived hard. The editor used to board with him and has often had to sit down to a meal of nothing but fried chicken or home cured ham, eggs, home raised and canned tomatoes or perchance other vegetables carefully put up from the home garden; only these things with the freshest of butter, the sweetest of sweet milk and lovely pies made of home dried fruit. We are sure Mr. Rollins has lived hard.

The only doubt in our minds is the man or the wife due the credit?

But the thing in making the small ends of farming pay has brought him out of debt, has given him a home and he has lived all the while. Can any business be more of a success than that?

WHY YOU ARE NERVOUS

The nervous system is the alarm system of the human body.

In perfect health we hardly realize that we have a network of nerves, but when health is ebbing, when strength is declining, the same nervous system gives the alarm in headaches, tiredness, dreamful sleep, irritability and unless corrected, leads straight to a breakdown.

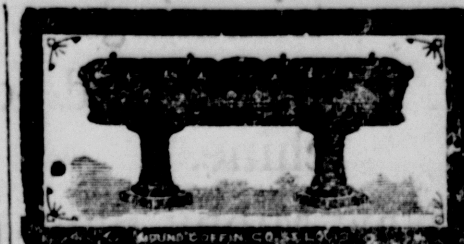

To correct nervousness, Scott's Emulsion is exactly what you should take; its rich nutrient gets into the blood and rich blood feeds the tiny nerve-cells while the whole system responds to its refreshing tonic force. It is free from alcohol. Scott & Bowne, Bloomfield, N. J.

The pastor is with Bro. Fletcher and his good people at Gustine this week in a meeting. He will be at home for the morning service Sunday and will preach on "State Missions."

Bro. J. B. Fletcher will preach for our church at 7:30 p. m.

You are invited to all these services. Geo. A. Curlee, Pastor.

SOCIETY NOTES

Mrs. E. W. Harris was hostess for a most enjoyable tea given by the Episcopal Guild on Friday afternoon.

Halloween was featured in the decorations and games. The guests being met by two ghostly little plantoons and conducted to the reception suite where black cats, witches, bats and guests presented a weird effect; here their future was predicted in various ways and they were then ushered into the dining room, which with its masses of chrysanthemums and jolly jack-o-lanterns enhanced their enjoyment of the delicious tea and cake served by the ladies. Returning to the parlors a program of vocal and instrumental music was beautifully rendered by the following young ladies: Misses Pauline Gage, Frances Burks, Thelma Gray, Rita Harris and Little Miss Jessup.

In response to queer invitations to assemble Saturday night the spooks at eight o'clock began to assemble at the home of Mr. and Mrs. C. P. St. Clair which had been previously selected as a rendezvous. They were received upon the point of a sharp pitchfork by Old Nick himself and conducted in to an inner room, gibbering, shivering, groaning, spooks writhed in frightful anguish.

Two imps cast the frightened spooks into the den of his satan's majesty, where each was separately beheaded.

When each lived again cards containing fortunes and the allotment of partners were passed. Each couple was then required to render a song. A string chewing contest was then entered into which was closely followed by an apple-biting contest, after which a general melee was begun, each free to follow his own fancy.

Refreshments with chocolate pumpkin pie with nut salad and home-made candy were served.

Parade was then ordered after which readings, songs, etc., completed the evening.

The following guests were present:

Misses Bonnie Russell, Eula Clark, Lea Allen, Gladys Dupree, Evelyn Thodberg, Rita Harris, Grace Fitzpatrick, Lillian Hill, Floy Collins, Thelma Gray, Estelle and Inez Reese.

Mary Lee Cadenhead Entertains.

Girl friends of Misses Mary Lee Cadenhead and Louise Burks were entertained at the home of Mr. and Mrs. J. J. Cadenhead Friday evening, Oct. 29, with a Halloween party.

The guests were received and conducted to the home of a witch who outlined the future and retold the past of everyone. They were then ushered into a room beautifully decorated with autumn leaves thru which hideous glowing faces peeped and peered. Here the marble of bad luck was attempted to be swept out of the door in which Miss Glennie Hoff proved an adapt sweeper and was awarded a prize of a miniature jack-o-lantern. A good natured game of bunco was then entered into after which the guests were served refreshments of delicious sandwiches and hot chocolate.

The following guests were present: Misses Christine Donaho, Bonita Webb, Ida Mae Switzer, Maidie Williams, Frankie Adams, Velma Atwood, Alice Ory, Glennie Hoff, Alma Atwood, Ruby Lusk, Mary Blue, Nita Huddleston, Florine Elkins and Guida B. Kittle.

The High School Library was the scene of a unique reception last Halloween given by the resident teachers in honor of the non-resident ones. In honor of Halloween the guests were met by a watch and two spooks dressed in spook attir and ushered suddenly into a room dimly lighted by jack-o-lanterns of the most grotesque type. When the last spook appeared there was light and those present engaged in a cat game and as several tied in the score; the prize, a handsome bouquet of roses was awarded to the one guessing the page of a book. K. L. Macon was awarded the prize, which was fittingly presented by J. B. Layne.

Apples, each containing the fortunes of the receiver, were then passed and the fortunes read. Another contest was then entered into to see which could blow out the most candles, at which W. H. Slider proved the most proficient blower. At a single blast he cleaned the board. All then retired to the tent of a witch, who rendered solemnly the fortune of each. The high school girls also play Tarleton at Basketball on the same day. This is the girls' first game of the season and they go against strong opponents. But Comanche girls are strong and experienced, and coach Rea is not in the least nervous. All out for a winning basketball team.
